## SK3PC-1 Plastic container

### ► DESCRIPTION

SK3PC-1 is a plastic container which can be used with liquid, pasty and bulk materials. The container comes with a sealed plastic lid that helps to avoid spilling the content, and due to its flat shape, it allows you to stack containers on top of each other to save space.

This product is used in various manufacturing processes of parts made of polymer composite materials.

### ► TECHNICAL DATA

Material:	Polypropylene PP
Shape:	Round
Color:	Transparent, white
Characteristics:	With a plastic lid
Handle:	Polypropylene PP for containers of 1L, 3L and 5,6L Metal for containers of 10L and 20L

### ► SIZE
