

Cordless rotary shear for cutting composite materials

It is a powerful, professional grade, cordless rotary shear which is designed with the big precision cutting features and the convenience and portability that is afforded by battery power. The rotary shear is equipped with a 5,16cm blade and a 7.2 volt battery pack - allowing for longer run time.

Set is equipped with charger and a spare battery for backup. Battery charger will fully recharge the battery in one hour. The rotary shear allows to cut through heavier and industrial-type material with relative ease. The cutting head features a fixed shear plate with a spring-loaded blade to insure an effortless and clean "scissors cut" through the lightest materials without jamming.

This product is used in various manufacturing processes of parts made of polymer composite materials.

TECHNICAL DATA	VALUE
Motors	7.2 V
Horsepower	0.33 hp
Blade Size	5.16 cm
Charger	110v 60hz 220v 50hz
Cutting Capacity	0.96 cm max

SIZE		
WEIGHT OF SHEARS	SIZE OF PACKING	WEIGHT OF PACKING
1,22kg	0,51m x 0,28m x 0,23m	3,63kg

NOTES

Ergonomically designed handle is well suited for both left and right-handed operation.
Standard are circular blades.
Semi-Square and octagon blades are available on special order.
